

Final BULLETINS

Soviets Fan Out West of Zhitomir

LONDON (CP)—Red Army spearheads, smashing to within 35 miles of the Polish border, captured more than 40 more towns and villages today as they fanned out on all sides of fallen Zhitomir, it was declared in a Moscow communique recorded by the Soviet monitor here tonight.

5 Ships Aground

VANCOUVER (CP)—The ferry Princess Elaine ran aground today east of the First Narrows bridge on the Stanley Park side of Burrard Inlet shortly after leaving Vancouver for Nanaimo. The C.P.R. steamer was one of five vessels which went aground here today because of dense fog. The other four were refloated.

2 Victoria Sailors Get Decorations

OTTAWA (CP)—Transport Minister Michaud this afternoon announced that four Canadian merchant seamen, two of them Victorians, received awards or commendation for services when their respective vessels were attacked by the enemy. They include: Edward Evander Stewart, third engineer, of 512 Northcott Street, Victoria, native of Edinburgh; and William Borthwick Harris, engineer officer, of 574 Simcoe Street, Victoria; both of whom received the M.B.E.

Marigny Indisposed

NASSAU, Bahamas (AP)—After keeping a priest waiting at the St. Francis Xavier Catholic Church for more than an hour, Alfred de Marigny reported that he was ill and would postpone his remarriage to his wife, Nancy, which had been scheduled for this afternoon. (Earlier story on page 11).

Mayors Re-elected

PRINCE ALBERT (CP)—Mayor G. E. Brooks was re-elected to his sixth term as mayor by acclamation at the close of nominations this afternoon for the Nov. 22 civic elections.

MOOSE JAW (CP)—Mayor J. W. Cormán, K.C., was re-elected for his fifth consecutive term when nominations for the Nov. 22 civic election closed this afternoon.

Gripsholm Docks At Rio de Janeiro

RIO DE JANEIRO (AP)—The repatriation ship Gripsholm, bringing 1,500 citizens of the United States, Canada and South America home from Japanese internment camps, docked here this afternoon. The Swedish liner is en route from Mormugao, Portuguese India, to New York.

Snowstorm Damage

SAINT JOHN, N.B. (CP)—Communications in New Brunswick were reported fairly well restored this afternoon following disruption of telephone, telegraph and power services as a result of a snowfall.

The damage in this province, starting Saturday night, almost isolated Nova Scotia from wire communication with the rest of Canada until Sunday night.

No By-election Yet For Aberhart Vacancy

EDMONTON (CP)—Premier E. C. Manning declared in a statement issued here today that "the government does not feel justified in calling for a by-election in Calgary." The vacancy in the constituency was caused by the death in Vancouver, May 22, of Premier William Aberhart.

Halt Ripple Rock Work

All operations in connection with the removal of Ripple Rock, Seymour Narrows, have been postponed until further notice, it is announced in an official Notice to Mariners issued by C. P. Edwards, deputy Minister of Transport, at Ottawa.

Canada's Crude Oil Critically Scarce

CLARKSON, Ont. (CP)—Canada's crude oil supply position is more critical today than it has been since the beginning of the war, and there is no hope for the immediate relief of domestic users of gasoline, G. R. Cottrell, Oil Controller of Canada, said in an address here today at the opening of a \$9,000,000 British-American Oil Co. refinery, Clarkson is 15 miles from Toronto.

Coventry Has Anniversary ***

LONDON (CP)—Three years ago Sunday night the German air force blasted the heart out of the ancient city of Coventry, but the anniversary passed unmarked by any noteworthy Nazi aerial activity over Britain.

PRICE FIVE CENTS

WAR SPOTLIGHT MOVES CLOSER TO ROME—Rome is still out of the picture as Allied forces advance northward in their 10th week of fighting in Italy. Gaeta, the Garigliano River and the mountainous areas beyond Venafrò and Isernia are main battle sectors for Allied 5th Army forces in western Italy.

Bulgarian Capital Sofia Bombed; Nazis Report Big Battle Afoot

ALGIERS (AP)—U.S. medium bombers ranged in force over Sofia Sunday, making the first air attack on the Bulgarian capital from this theatre in a blow designed to dislocate traffic over the whole Balkan rail system, while ground in Italy the battle lines remained almost unchanged. (London today reported the Germans, in an obvious effort to impress Bulgarians, had hastened to threaten dire reprisals on Britain for what was called a "naked and undisguised terror raid" on Sofia Sunday in which many persons were reported killed.)

Bulgaria has declared war on Britain and the United States, but not on Soviet Russia. Her participation in the war has been limited to affording bases for Germany and to using her troops against Yugoslavia and Greece. Other fliers swept into France for their third blow at the important Antwerp railway viaduct near Cannes the night before, and light bombers shot up the harbor of Civitavecchia on the west coast of Italy.

Escorted by fighters, the bombers, operating from Italy, dipped over Sofia's railway yards in two big formations, dropping tons of explosives on the target. Nine out of approximately 24 German intercepting fighters were shot down in a fierce battle.

Official reports described the bombing as "extremely accurate," with explosives smashing down squarely on locomotive repair shops, car assembly shops, a main line depot, and ripping up the tracks in the yards.

Use of Electricity Soars and Excess May Be Charged

Output of electricity in Greater Victoria on Sunday went up considerably over the output of the usual Sunday, officials of the B.C. Electric Co. said today, following Saturday's announcement of free electricity in this area for two months.

At noon today free electrical services became law, when the provincial cabinet, meeting under Premier John Hart, passed an order-in-council and Lieutenant-Governor W. C. Woodward signed it.

For the purpose of the order, a month will be from meter-reading to meter-reading, which varies in different parts of the city. In Greater Victoria the order took effect Nov. 5. Thus there will be free electricity from Nov. 5 to Jan. 5. Should, however, a person's meter be read, for instance, Nov. 15, his period will be from Nov. 15 to Jan. 15.

The order-in-council says the free electricity will apply to all residential and domestic lighting, cooking and water heating and will include municipal street lighting, general hospitals and schools. It will not apply to large industries.

Premier Hart, after the order had been signed, said: "I feel assured the public will not abuse this order."

MAY CHARGE FOR EXCESS

The order-in-council provides that in cases where the amount of current consumed by any household during the no-charge period is abnormally high, a charge may be made by the company, with the consent of the commission, for current consumed in excess of the consumption during the month's billing immediately preceding.

Company officials are at a loss to explain the marked increase in Sunday's use of electricity. It was a bright and mild day. It is thought people didn't bother to turn out their lights and gave themselves an excess of electric heat. This is what the company wishes the consumers to avoid, for if it continues the situation will become more serious and important war industries will suffer.

Last November and December the load carried by the company's plants was as heavy as they could stand. Should it become heavier this year, industry, which must continue to pay its electricity bills, will do without necessary power to aid the war effort.

REQUESTS CAUTION

A. T. Goward, vice-president of the B.C. Electric, today appealed to householders not to abuse the government's order so that the company's power plants would not be overtaxed. He expressed a fear that, should a cold spell come, the 2,700 kitchen ranges would be turned on to heat kitchens.

"If this were done we would be in a difficult position," Mr. Goward said.

He pointed out that the Brentwood steam plant is operated by fuel oil and that the more electricity needed the more oil would be used. Oil is one of the things the Dominion government has asked to be conserved to the limit.

Real Estate, Bond, Insurance Salesmen Under Labor Draft

OTTAWA (CP)—Labor Minister Mitchell today announced issuance of the seventh compulsory employment transfer order which will make available for more vital work after Dec. 1 "quite a number" of men now employed by insurance, credit, investment and trust companies, real estate, travel agencies, hotels and several other lines of work.

The order applies to male employees who have reached 16 years of age but have not yet reached their 41st birthday. After Dec. 1 they may not continue in any of the specified employments without special permission of national selective service.

MARRIED AND SINGLE

Both married and single men are affected. Following is the official list of employments covered by the seventh order:

1. The underwriting, selling, brokering or administering of policies of insurance of any and every kind, including but not restricted to life, fire, accident, sickness, automobile, marine and general insurance.

2. (a) Short-term credit companies including but not restricted to establishments engaged in sales financing, industrial credit, money, lending and pawnbroking; (b) the managing or supervising of the investment of bonds, stocks and securities, including establishments engaged in investment trust and investment advising; (c) trust companies; mortgage companies; establishments engaged in investment and loan business, including bond houses, financial agencies, stock exchanges and grain exchanges. (Employees of chartered banks are not affected by the order.)

3. Real estate (finance and operation).

4. Travel agencies.

HOTEL WORKERS

5. (a) Year-round hotels (employees of year-round hotels in the following occupations are excepted from the requirements of the order: skilled mechanical maintenance men, stationary engineers, chief chef, laundry washmen and extractor operators and hotel manager); (b) seasonal hotels; rooming and boarding houses; auto courts and tourist camps; organization hotels and lodging houses.

6. The manufacturing of millinery, bedspreads, trimmings and embroideries.

7. The manufacturing of academic caps and gowns, vestments, theatrical costumes and masquerade costumes, commercial uniforms.

8. Establishments primarily engaged in washing and polishing automobiles.

Men affected by this order are required to report by Dec. 1 to the nearest employment and selective service office. Any men living too far away from an employment office should apply in writing, Mr. Mitchell's statement said.

Youths reaching the age of 16 after today will be covered by the order immediately upon reaching that age.

Mr. Mitchell said high-priority industries are still urgently in need of men to fill up vacancies created by enlistments and "the high level of our war production."

City Adopts Sevastopol In Aid to Russia Move

Victoria today followed the lead of Toronto in adopting a Russian city as the beneficiary of any aid which might be forwarded from this city to the Soviet Union.

The move was launched in the Ontario capital at a rally at which leaders sought to translate the public's "thankfulness to the men and women of the Soviet Republics into something real and enduring."

The action was taken here on the initiative of Mayor McGavin, who selected Sevastopol, Black Sea port and naval base and centre of the historic siege.

"Sevastopol," said Mayor McGavin, "was reported to have a peacetime population of approximately 75,000. That would compare favorably with the population of Greater Victoria and, in view of the fact it is a naval base, makes it a suitable city for our purpose."

"With the newly created kinship for that Black Sea port, I hope Victoria will be able to make a material contribution to its welfare and re-establishment through donations from the citizens at large."

"We in Canada have long appreciated the blows Russia has been delivering our common enemy and we take some pride in the hope we may be able to assist the families of our brothers-in-arms on that important centre."

At the beginning of this year, the City Council earmarked \$1,000 for the Canadian Aid to Russia Fund and the cheque was mailed later to headquarters as part of the combined \$35,086.94 collected here for the fund. (See story page 2.)

Fear Early Clash Between Lebanese, Arabs and French

By JOHN F. CHESTER
CAIRO (AP)—The situation in Lebanon is "potentially grave" and a real clash between the natives and the French "might come at any time—no one knows when," Curtis Ryan, controller of the British Ministry of Information in the Middle East, said today on his return from Beirut.

He said casualties in the political controversy already had totaled 140, including 10 or 12 dead, and future armed struggles might occur in either Lebanon or Syria.

Richard G. Casey, British Minister of State in the Middle East who returned from Beirut Sunday night, explained Britain's position in the Lebanese dispute today to Gen. Georges Catroux, empowered by the French Committee of National Liberation to seek a settlement.

No Secret Pacts Made at Moscow

WASHINGTON (AP)—State Secretary Hull in his first public report since his historic conference with the British and Russian Foreign Ministers, said today no secret agreements were made in Moscow.

Expressing pleasure over the reception accorded the Moscow declarations by the U.S. public, Hull said the agreement reached among the U.S., Britain, Russia and China had come about because each of these big nations was trying to push away from isolationism to what he described as sane international principles.

Glenn More, 46, a bucker at Holberg Camp of the Port Alice Pulp and Paper Co. on the north end of Vancouver Island, was killed at 11:45 today, B.C. police were advised.

Tanks, Men, Guns Pour Through Gap In 42-Mile Drive

By HENRY C. CASSIDY

MOSCOW (AP)—Masses of Red Army infantry, cavalry, tanks and self-propelled guns pouring into the hole west of Kiev to Baranovka have reached a point 35 miles from the border of Russia and Poland.

A 42-mile advance took the plunging Soviet columns into Baranovka since the capture of the rail junction of Zhitomir on Saturday.

Thirty-eight miles to the northwest of Baranovka is the town of Gododnitsa, just inside the Russian border. Fifty-two miles directly west of Baranovka is Ostrog, just inside the Polish frontier.

The line of demarcation slanting to the northwest from Ostrog comes within 35 miles of the present Red Army lines.

Gen. Nikolai Vatutin's 1st Ukrainian Army which had rushed into the 130-mile-long salient west of Kiev in a mighty break-through of German defences had 150 miles to go before reaching the nearest point of the German-Russian demarcation line through Poland that existed in 1941 when the Germans began their invasion of Russia.

The Red Army was surging close to Korosten, a rail junction north of Zhitomir that would give control of a 50-mile section of the Leningrad-Odessa line.

Germans Admit Big Breakthrough

(A Berlin broadcast said today that a big battle was raging in the Dnieper bend where the Russians, hurling nearly 500,000 men against the German defences, had broken through Zaporozhe and the area north and northwest of Krivoriog.)

A Russian communique announced that 50 towns were swept up in the continuing drive toward the old Polish border, now less than 60 miles away.

While troops of the right flank of Gen. Nikolai F. Vatutin's first Ukrainian front pushed ahead after capturing Chepovichi, 15 miles southeast of Korosten, central units drove directly west past taken Zhitomir. This force Sunday took Baranovka, 30 miles west of Zhitomir.

Vatutin's striking force is composed of tanks, cavalry and motorized infantry capable of pressing closely on the heels of the retreating Germans.

Nazi Counterblows Heavily Repulsed

On the left flank Vatutin's men were reported to be meeting and overcoming repeated German counterattacks. On one sector, the communique reported Russian troops broke through enemy resistance and captured a populated place. The Germans then launched four fierce counterattacks in swift succession, but were thrown back.

Ken Sangster Survives

SOMEWHERE IN INDIA—Squad. Ldr. K. R. Sangster was in the investment business in Victoria, B.C., before he joined the R.C.A.F. When a destroyer shot the tail off his Beaufort torpedo bomber off Malta, he didn't value his stock particularly high. But he managed to get home and is still in action, now with a Royal Air Force squadron in Ceylon.

Sangster lives at 2515 Currie Road, Victoria, where he was born. He attended the Victoria High School and Victoria College. He was one of the "group of air men sent out to protect the huge 'Malta convoy' of supplies which successfully went through prior to the big Allied push.

He has a brother, WO. James Sangster, who is with an air force unit in Great Britain.

Liberals Plan Orderly Reforms Says St. Laurent, Scoring C.C.F.

QUEBEC (CP)—Justice Minister St. Laurent at a Liberal rally here referred to the C.C.F. He said he agreed with Ontario's Premier Drew that a crusade of all good citizens is needed to protect Canada's liberties and institutions against what he said were dangers which menaced it. He mentioned the statement attributed to C.C.F. member Harold Winch at Calgary that those who defied a C.C.F. government's will would be treated as criminals, with the police and military being used to force obedience to the law. Mr. St. Laurent added that "Mr. Winch later tried to soften the effect of his statement, but unfortunately for him, we know him for previous remarks."

He said that some time ago Mr. Winch had maintained that the war would not end with the last cannon shot, but that the soldiers would demand what they wanted before laying down their arms and that his party was one of militant revolution. "This is integral socialism," he added, "which aims at overthrowing the institutions we established after the abolition of feudalism."

IMPROVEMENTS PLANNED He said he admitted there were improvements to be made in the social and economic system, but added the Liberal Party was ready to bring about any necessary reforms without "pillaging the Constitution and stirring up races one against the other."

Mr. St. Laurent said the system of control of economic life instituted in Canada within the past few years had prevented "a fantastic rise in the cost of living." The government's action in stabilizing prices of necessities

and also the rates of wages had prevented inflation. The government, he added, was now studying the problems to be faced during the period of demobilization.

Ontario C.C.F. Replies to Drew

TORONTO (CP)—The Ontario C.C.F. announced today that a caucus of C.C.F. members of the Ontario Legislature had authorized a statement saying the caucus "utterly repudiates" charges against the C.C.F. made by Premier Drew of Ontario in a Friday night address at an Ontario Progressive-Conservative convention here.

The statement denied the C.C.F. is anti-British and clarified the party's stand in connection with use of police or military forces.

"No C.C.F. government will ever take office unless it has received a democratic mandate by the votes of the Canadian people," said the statement. "If thereafter any individual or group attempts by force, or other unlawful method, to defy the wishes of the people and the constitution of Canada, they will be dealt with as lawbreakers."

FREEDOM OF EXPRESSION "Certainly a C.C.F. government will never use mounted police and armed force to suppress those who seek merely employment and freedom of expression as Col. Drew's former leader, Mr. Bennett (Viscount Bennett, former prime minister) did at Regina, or as Mr. Hepburn (formerly Ontario premier) did at Queen's Park without any protest from Col. Drew."

The C.C.F. had never advocated

severing association with Britain or the British Commonwealth. It did propose "by democratic methods" to seek any amendments necessary to bring the British North America Act up to date and to implement necessary social and economic changes. The act had been amended previously by Liberal and Conservative government, and further amendments would be needed from time to time.

NO CAMPS

The C.C.F. had never proposed concentration camps or any other form of camps for "obstructors" of anyone else, the statement said, adding that "even Col. Drew cannot expect the C.C.F. to take responsibility for every magazine article describing what some individual imagines a C.C.F. government would do."

(In his address Mr. Drew quoted the Canadian Forum, which he described as the C.C.F.'s monthly publication, as saying "obstructors" would be sent to "corrective institutions.")

The statement described as "deliberate piece of misrepresentation" Mr. Drew's reference to the C.C.F. as "national socialist." The Premier, said the statement, obviously was attempting to suggest the C.C.F. was associated with or similar to Nazism.

"The fact is," the statement said, "that the C.C.F. was opposing Nazism at a time when Col. Drew was praising it."

"The people of Ontario may recall that in 1937, even while Hitler was fast developing his plans for world conquest, Col. Drew set himself up as an apologist for the Nazi system, and described Mussolini as a maker of miracles."

Toronto 'Adopts' Stalingrad; 14,000 At Pro-Soviet Rally

TORONTO (CP)—Leonard W. Brockington, K.C., in a broadcast address here Sunday night proposed adoption by Canadian cities of Russian communities which have suffered most in this war so that Canadians may translate their "thankfulness to the men and women of the Soviet Republics into something real and enduring."

As Toronto adopted Stalingrad as its sister-city at a mass rally of about 14,000 in Maple Leaf Gardens which wound up the three-day conference of the National Council for Canadian-Soviet Friendship, Mr. Brockington said:

"Adoption means sending of supplies, medical and surgical, nourishing and needed foods, books, clothing."

"It means exchange of information, experience, or services between like and like—between Canadian and Russian doctors, schoolteachers, artists, musicians, ordinary folk."

The Soviet embassy at Ottawa will help any body of interested citizens to choose a town for adoption, he stated.

Delegates endorsed a resolution urging all Canadian institutes of learning, especially universities, to establish departments of Russian.

Sir Ellsworth Flavelle was named chairman of the national provisional executive of the Council.

Nazis Close Border Of France and Spain

MADRID (AP)—The Germans have closed the French-Spanish Mediterranean border to all but a few diplomatic travelers and are busily strengthening coastal defences against the threat of an Allied invasion, dispatches from Port Bou on the Spanish side of the border said today.

Labor gangs are working day and night on the fortifications, travelers said, and German engineering units are feverishly mining the beaches and mountain passes behind the coastline. The work was said to be going on particularly between Narbonne and Cerbere, along a 50-mile stretch comprising the extreme southeast tip of France.

Passengers Rescued From West Van Ferry

VANCOUVER (CP)—Dense fog caused the grounding of the West Vancouver ferry Sunday night and between 30 and 40 passengers came ashore in lifeboats.

U.S. Subs Sink 7 More Jap Ships

WASHINGTON (AP)—The U.S. navy today counted a total of 496 enemy vessels sunk or damaged by U.S. submarines with the report of six more Japanese merchant ships and a plane transport sunk, and two other merchant ships hit.

Special significance is attached to each new sinking of a Japanese freighter or cargo transport since the enemy is believed by naval authorities to be so hard pressed for shipping that every loss is a blow at his entire communications system.

U.S. submarines thus far have sunk 346 Japanese ships, possibly sunk 36 others and damaged 114.

Vancouver Collision Sends 8 to Hospital

VANCOUVER (CP)—Eight persons were taken to hospital following a collision between a B.C.E.R. interurban tram and a B.C.E.R. freight engine Sunday. Eyewitnesses said visibility at the time of the accident was about 50 feet. All injured were progressing favorably in the hospital.

Canadian Pacific Airlines announce they have been advised by E. A. Caldwell, manager of the C. and C. Taxi Service Ltd., that an especially designed and equipped eight-passenger Airline limousine will go into service within the next few days to carry passengers from the city ticket office to the Stewart Avenue airport.

This limousine service has been put into effect in conjunction with the new aircraft the Canadian Pacific Airlines expect to be operating in the very near future.

Boost Assistance On Feed Wheat

OTTAWA (CP)—The Agricultural Supplies Board and the Prices Board announced jointly that starting today, the Dominion government is paying a drawback of 25 cents a bushel on wheat purchased for feeding purposes of the grade known as Manitoba No. 4 northern and grades of equal or lower value.

This drawback, the announcement said, will replace the drawback of eight cents a bushel which the government has paid during the last year or so on wheat of any grade if purchased for feeding.

Since it is likely the higher grades of wheat will be required for use as human foods in future, no drawback will be provided from Nov. 15 on any prairie wheat of higher value than Manitoba No. 4 northern purchased for livestock or poultry feeding.

This action, the announcement said, will serve to bring net costs of wheat used for feeding more into line with costs of oats and barley, both of which grains have been under price ceilings for more than a year.

The 25 cents per bushel drawback represents a payment by the Dominion government of approximately \$8.25 per ton on these grades of wheat purchased for feeding. As regards buyers in eastern Canada and British Columbia the government further contributes to lowering the cost to feeders through its freight assistance policy, the announcement said.

Today's WAR NEWS Analysis

By DE WITT MACKENZIE
Associated Press War Analyst

Nazism's great man, who claims to work his wonders by intuition, indeed seems to have had a flash of second sight (or was it just horse-sense?) during his recent Munich beer cellar speech when he told his people in about so many words they were headed for mountains of grief.

The titanic battle on the Russian front has grown worse suddenly for the Hitlerites. Two outstanding developments indicate this greatest of all armed conflicts is in the midst of another far-reaching crisis. These events are:

1. The Russian avalanche has engulfed Zhitomir, thereby slashing Hitler's 1,000-mile front virtually in two, and pointing a spearhead at the Polish border, some 60 miles away. It is one of the key victories of the war.
2. The Germans today announced 500,000 Russian troops had broken through the Nazi defences in the Dnieper bend trap which the Hitlerites were trying to close about the Hitlerites in that region. This hasn't been confirmed by the Soviet.

BIG WITHDRAWAL

The Berlin statement about a break through at the trap would seem to be calculated to prepare the German public for another big withdrawal of their forces in that area. As a matter of fact it wouldn't be surprising if the retreat is well on its way.

If this is true, there is direct relation between the retirement in the extreme south and the dangerous extension of the Russian wedge which has been driven into the Nazi line at Zhitomir to the north. A deep thrust through the front under the German position on the southern flank untenable.

The mighty Russian war machine is gathering momentum as the ground freezes. Thus far the Germans have averted a debacle by the solidly withdrawal of their unwieldy line, and despite the critical developments there's no sign at the moment they won't be able to continue falling back with some semblance of order. However, their position has steadily worsened.

It's an amazing thing the Russians have been able to keep their terrific offensive moving through the fields of mud produced by the fall rains, especially as they had been driving steadily since July 12 and by all the rules of war were due to pause for rest, repairs and consolidation of gains. The weather and the mud were in favor of the defending Nazis, and the fact they were unable to halt the Red armies is a clear indication of the superiority of the Russian striking power.

If Hitler's war industries were running full blast, and pouring out great quantities of supplies as they did in the early part of the war, then his recent losses in equipment on the bloody battlefields of Russia wouldn't be so serious. But the Allied bombing team is ripping German industrial centres to pieces. The Fuehrer can't replace his losses on the eastern front, and consequently is growing weaker each day as he pulls his line back and leaves more supplies behind.

The harsh corollary to this is that even if the Nazi chief could replace his losses in manpower, which he cannot do—he would be unable to give them the equipment necessary to withstand the Russian onslaught. The German army still possesses great defensive power, as we likely shall demonstrate when we undertake the great invasions of France, but it has shot its bolt as an offensive machine.

U.S. Public Lacks Facts On Terms Of Lend-Lease

PRINCETON, N.J.—The current "lid-lifting" on lend-lease by the Truman committee and other investigators is being carried out in the presence of an American public which lacks vital information as to the most fundamental terms of the lend-lease program. President Roosevelt's message to Congress last Thursday has undoubtedly proved helpful in creating better understanding of lend-lease among the rank and file.

In spite of the billions involved in the biggest interchange of goods and services of all time, nearly nine in every 10 Americans either have an incorrect idea as to the repayment terms of the deal, or frankly admit they don't know its basic principles.

That there is such a thing as reverse lend-lease is known only to about a third of the American population.

Postwar planners in the international field may see in the public confusion registered by the poll, the seeds of an even more serious postwar misunderstanding.

TO PAY OR NOT

The public opinion background to the lend-lease airing was studied by the Gallup Poll in a series of questions, put to a scientifically selected nationwide cross-section of American voters. One of these questions was:

"What's your understanding of our agreement with England on lend-lease materials sent to her—England supposed to pay us back in some way after the war, or are we supposed to give her this material?"

Here is the conception the American public has of this feature of the arrangement: England supposed to pay, 57%; U.S. supposed to give, 13%; Don't know, 30%.

On the question of reverse lend-lease, public understanding seems no clearer. When asked: "Does England furnish us with any war materials under the lend-lease program?" nearly half of those interviewed (47%) said they did not know. Another quarter (23%) believe that England does not furnish us war materials to the United States.

AGREE WITH TRUMAN

The poll further shows that, regardless of how they understand (or misunderstand) lend-lease, an overwhelming majority of the American people agree with the recommendation of the Truman committee in its recent report to the Senate, and feel that England should repay, in some form or other, material obtained from United States. The striking fact shows up, however, that among the small group of Americans who indicate knowledge on two important aspects of lend-lease, this majority disappears, and opinion in this group, divides evenly on England's obligation to repay after the war.

The difference between "informed" opinion and national opinion as a whole showed up when this question was put to representative voters.

"Do you think England should pay us back in some way after the war for the lend-lease material we send her?"

While national opinion divides 6 to 1 for repayment, the small group of voters who indicate some knowledge of the lend-lease terms divide evenly on the question of England's responsibility to repay lend-lease after the war.

Name 3 Juveniles Charged With Murder

WINNIPEG (CP)—The names of three juveniles, jointly charged with the murder of Edwin Pearce, 58, a guard at the Vaughan Street detention home, today were made public by Judge F. A. E. Hamilton of the Juvenile Court. They are: Leslie Young, 17, Winnipeg; Louis McNeil, 14, Winnipeg; and George Janssens, 15, St. Boniface.

The guard was beaten to death last Thursday night when he went to a bedroom in the detention home to investigate a disturbance. The boys escaped, but Young surrendered to city police three hours later, and the two others were recaptured in St. Boniface next morning.

British Improve Position On Leros; Kill Many Nazis

CAIRO (CP)—British troops improved their positions in the central and northern sectors of the Dodecanese Island of Leros Sunday, inflicting substantial casualties on the Germans and capturing a number of prisoners, a Middle East communique announced today.

The fierce fighting for the island, important in the strategy of the Aegean because of its strategic base, was accompanied by continued aerial blows in which long-range fighter sweeps and bomber assaults were carried out over the German positions.

Explosions and fires were started at Gurna Bay, Alinda Bay and Cape Pantali, and a Heinkel III was destroyed.

Bombers also attacked German shipping in Suda Bay, Crete, while fighters patrolled the Herakleion airfield on the same island and attacked many military targets in an effort to blanket the German offensive.

Four-engine bomber formations raided the Maritza airfield on Rhodes on a similar mission Sunday night. Nine Allied planes were lost in the aerial phases of the operations.

The battle for Leros was still inconclusive, however, and official reports Sunday said the Germans had established numerical superiority and had straddled the island at its narrowest point, virtually dividing the British and Italian defending forces in the north and south, although the Allies still held Leros, the chief town. The eight-mile-long island is only about a mile across at its waist.

The Germans had gained their position by both sea and air-borne units, supported by dive bombers.

Famine Continues In Bengal; Relief Position Improves

By PRESTON GROVER
CALCUTTA (AP)—The famine is still on in Bengal. Hungry persons are on the streets, crying for food as they have been for the last two months, indicating crevices in the relief scheme.

But the great hordes of beggars which made the second city of the British Empire the first city of starvation have largely been dispersed.

All reports coming in from the remote countryside where relief has not yet penetrated indicate the situation in the rural sections still is bad.

Indian land sharks, according to reports reaching here, are buying up land and crops from the hungry people for a pittance.

CROPS SOLD FOR SONG

Some Indian peasants, unable to wait for the full ripening of the rice harvest, were reported selling their unharvested crops for one cent a pound. The government's fixed price for rice is about seven cents a pound and the black market is more than twice the government figures.

However, relief efforts are having their effect in Calcutta and the larger Bengal towns. Units of the Indian army under British officers now are on the job.

Grain is moving from Calcutta into the countryside rapidly.

WILD RUMORS

Fantastic rumors concerning the government's round-up of hungry persons have frightened thousands of Indians into fleeing Calcutta. One tale is that the men are being rounded up for the army and that the women are being sent to houses of prostitution. There is not a vestige of truth in such reports.

The burning ghats of Calcutta, however, are busy. About 60 or more bodies are burned daily and at one near the end of the huge Howrah Bridge over the Hooghly River, which runs through the heart of Calcutta, I saw six bodies burning and five more waiting.

Head Chaplain Named For Canadian Army

OTTAWA (CP)—Hon. Lt. Col. the Rev. C. G. Hepburn has been offered and has accepted the post of principal Protestant chaplain (army) in succession to Hon. Brig. G. A. Wells, it was announced Sunday in All Saints' Anglican Church here by the acting rector, Rev. R. G. Flander, who read a letter to the congregation from Col. Hepburn.

Canon Hepburn, recently returned from three and a half years' service in England, was appointed senior chaplain of Military District No. 2 (Toronto). He served as assistant to the senior Protestant chaplain overseas, and is on leave from All Saints' Church, of which he is the rector.

Rescuing Koalas

MELBOURNE (CP)—The starving teddy bears on Quail Island had a picnic Sunday.

The island is a haven for koala bears which their appetites have turned into a death trap. Koalas became so numerous on the island they ate all the leaves off the eucalyptus trees—their only food.

So 400 people trooped to the island on bicycles, motorbikes and trucks, all loaded down with bunches of leaves. The koalas watched with popping eyes while the people tied the picnic lunch on the barren branches.

The government has promised to consider wholesale removal of the excess teddy bears.

MRS. MARIETTE BURROWS found out the cause. A sick liver gave her dizzy spells, sleepless nights—made her always tired and constipated. Fruit-a-tives quickly made her strong and healthy again. Just try them. Fruit-a-tives are Canada's Largest Selling Liver Tablets.

Our Christmas Gift

EVERY USER OF ELECTRIC POWER
In this community will get it free this month and next. No bills will be rendered in November and December. This is the meaning of the provincial government's action on the Public Utilities Commission's findings in respect of the operations of the British Columbia Electric Railway Company. It is shown in the report made public on Saturday that during the abnormal year of 1942 the company enjoyed a greater profit than the amount to which it was entitled under the existing rate structure. That being the case, and in view of the fact that wartime conditions are not conducive to adjustments that could be considered of a permanent character, Mr. Hart decided that the most equitable method of disposing of the surplus profit would be to pass it on to the consumers—who, after all, had produced it.

This mode of procedure not only conforms to the government's policy in the matter of public utilities; the award will remind the people of the existence of an efficient agency of the provincial service. Dr. Carrothers and his colleagues who were responsible for the report which determined the Premier's Christmas gift plan are to be congratulated on the thoroughness and ability reflected by the results of an inquiry which consumed many months of exhaustive labor.

It should be understood that the British Columbia Electric Railway Company is agreeable to the procedure which Mr. Hart has followed. Next year will have to take care of itself—dependent upon business and other contingencies. The point to remember is that this "bonus" to consumers is the product of excess profit in an abnormal period of our time. But its disposal in the agreeable manner decided upon imposes an obligation on the public using electric power: No bill for light used this month and next should not be interpreted as an invitation to discontinue economy of use. On the contrary, citizens should consider themselves on their honor, for the power situation at Jordan River has still not recovered from the effects of a long dry spell.

It Is An Old Story

NO NEWSPAPER WHICH CARRIED the report of Mr. Harold Winch's Calgary outburst of last Tuesday was surprised when British Columbia's leader of the Co-operative Commonwealth Federation party charged the "capitalist" press with using underhand methods to "misinterpret" his words. But he was careful to inform the Moose Jaw Times-Herald on Saturday that "I don't say the paper lied; I don't say I was misquoted; it's just the clever way capitalism puts things to make them sound different." In view of this statement, however, let us consider again the report of Mr. Winch's remarks as they appeared in two newspapers:

The Calgary Herald: "Asked if the transition from capitalism to the socialism of the C.C.F. could be accomplished by peaceful means, he replied that whether or not it was done peacefully did not depend upon the people who desired the change. When the C.C.F. came into power, he said, it would immediately start to establish socialism, but if the powers that be opposed the will of the socialist, democratic C.C.F. government, that government would use the power of the police and the military to handle the opposition the same as any criminals would be handled."

The Calgary Herald: "Asked about the position of the police and military forces in the event of moves for a change, Mr. Winch replied that when we become the government we will institute socialism immediately, and would use the power of the police and the military forces to force those opposed to obey the law. Those who defied the government's will would be treated as criminals, he declared, adding 'if capitalism says 'No' then we know the answer—so did Russia.'"

We referred to the foregoing in these columns last Friday and quoted from the rejoinder issued in Ottawa by Mr. M. J. Coldwell, national leader of the C.C.F., who said in part: "I don't believe he (Mr. Winch) said this; I think he said he would proceed with steps toward Socialism." But all would agree with Mr. Coldwell's straightforward statement that "nothing would be done to put down 'lawful' opposition to the government, should the C.C.F. come to power." Such a process, of course, is inherent in our democratic system. Mr. Winch, however, has now implied that the Calgary papers neither lied nor misquoted him; it was "the way capitalism puts it."

It is obviously the old story with which people in our profession are thoroughly familiar. One of the favorite pastimes of some men in public life is to blame the newspapers when they publish anything which looks much less appealing and convincing in cold print than it sounded from the public platform. They promptly say they were misquoted, that the reporter failed to get the point, that their remarks were distorted, and so on. Every newspaperman is familiar with this jargon. Some complaints obviously are justified; infallibility is not among the major claims of members of the Fourth Estate. Considering some of the material to which he has to listen and edit—to give it sense and readable continuity—it is a miracle that reporters give as accurate reports as they do.

In the case of Mr. Winch, who charges

"capitalist newspapers" with using underhand methods to misinterpret his words, it should be noted that no party in British Columbia has had more publicity in the news columns of this province's newspapers than the C.C.F. It would be equally true to say that no political party in British Columbia has been less demonstrably appreciative of this automatic service in the news columns. What we say in this department of the paper is a matter over which neither C.C.F., Liberal, Conservative, nor any other party has the slightest influence. And not until Mr. Winch's socialist state demolishes this and all the other dearly-won freedoms will the assertion be subject to the least qualification.

But if we were the leader of a political party—which heaven forbid—we should be fearful lest the "capitalist newspapers" entered into a conspiracy among themselves to print all reports of partisan speeches verbatim, transcribed from authentic shorthand notes, with every form of double-checking employed. Even this system, of course, might reveal flaws legitimately due to any of the hundred and one avoidable and unavoidable shortcomings of men and women with genuine or flippant purpose. We nevertheless hazard the guess that such a method of reporting would not be without its terrors for politicians of every hue.

Truth Shatters Fiction

DURING THE LAST THREE DAYS distinguished leaders of public thought have been meeting in Toronto for the purpose of officially launching in Canada the Congress of Canadian-Soviet Friendship. The chairman of the national body is Sir Ellsworth Flavelle, Bart., while the movement on its inception had won the support and patronage of the lieutenant-governors of all the provinces, the Prime Minister, the provincial Premiers, the judiciary, members of Parliament and Legislatures, and scores of Canadian citizens in all walks of life. Eminent men from Great Britain, the United States, as well as the Soviet Union, took part in the deliberations which ended yesterday on a highly inspiring note.

As its name implies, the object of the congress is the strengthening of mutual understanding between this Dominion and Russia under every conceivable heading which directly or indirectly concerns the basic life of the two countries. It would seem superfluous to argue that Canada's self-interest now and in the future will depend to a greater extent than most people realize upon friendly relations with that great land mass of the earth's surface in which dwell more than 180,000,000 people—a people whose sacrifices in the last two and a half years the historian of the present would find it difficult to evaluate.

It is beginning to dawn upon all liberty-loving peoples the world over that a stable and prosperous society must rest upon the creation of an active system of collective security; and in order to bring this about, to give permanence to the peace that one day will dawn, the nations which have united for the purpose of defeating the aggressors must remain united if ultimate victory is not to be followed by another global cataclysm a quarter of a century hence. In this design, of course, the Soviet Union occupies an important position. Her leaders have consistently pursued a policy of nonaggression; her war record baffles the imagination; her phenomenal development in the last quarter of a century makes her both a powerful ally and a desirable friend.

To become good neighbors, however, nations, like individuals, must strive to know one another—not in the merely superficial sense which a common threat invariably engenders, but through that intimate knowledge which derives from mutual trust and good will. The first essential is a solid foundation on which it will be possible to erect the structure that shall be a credit to the architects—an honestly informed public opinion. This is the principal objective of the organization which has now taken practical form. It should provide the effective answer to that school of thought, in this and other countries, which owes much of its origin to misinformation about Russia which has been "planted" by those who are now our enemies, or by their willing or unwitting agents in our midst.

For A Canadian Literature

THIS IS CANADIAN BOOK WEEK. It was inaugurated some years ago as an annual event by the Canadian Authors' Association to draw the attention of the public to the published works of Canadian writers.

Canada can boast of an increasing number of writers, whose works have gained critical recognition and markets in other countries. Too often, however, they are neglected at home. At best, the Canadian market is limited. Efforts such as this to expand it are, therefore, to be commended. The fact is that until Canadians show appreciation of their writers by buying their books, there will be little chance of the production of a body of literature worthy of this country and of the place it aspires to fill in the world.

This Book Week also draws attention to the constructive work being done in other ways by the Canadian Authors' Association. It holds poetry, drama, fictional and non-fictional contests throughout the Dominion, with the Governor-General co-operating in giving annual award medals. These contests have already produced a list of outstanding works. The association is also sponsoring annual competitions among high school students throughout the country and is urging educational departments in the various provinces to have pupils devote a daily 15-minute period to the production of original writings. It is thereby hoped to awaken young talent.

No one ever climbs to real success merely by being boosted up the success tree.

POSSIBLE ISSUE

ONLY A VERY reckless man would predict at this point the issue on which the next election of Canada will be fought. A dozen things could emerge in the next 18 months to submerge the issues which now seem paramount. But it is possible to see the makings of a basic issue between the government and the C.C.F. which the public has not yet grasped.

The clear-cut issue of Socialism versus private initiative is plain enough already. But this is part of a larger thing—the future of Canada in the world's politics and the world's economy. If Mr. King can develop this issue, by positive action and not mere words, he will enormously strengthen himself and greatly damage the prospects of the Socialists. It is not clear yet that he can do this.

The larger issue between the Liberal Party and the C.C.F. can be roughly posed this way:

The C.C.F. is a party of self-containment. It proposes to bring prosperity to Canada through action within Canada. It declares all through its recent definitive book, "Make This Your Canada" that the ills of Canadian life are due to the failure of government within Canada.

INTERNAL REMEDIES

THE REMEDIES PROPOSED by the C.C.F. in its Regina Manifesto, in the speeches of its leaders and in its new book are all internal remedies. They consist of the total management of the national economy by the national government, including the socialization of the great industries of the nation. While the C.C.F. pays lip service to the desirability of world trade, this is a minor factor with it.

Now, of course, this theory runs completely counter to the basic economic theory of the Atlantic Charter, of the United Nations' economic program and of the theories of the British, United States and Canadian governments.

Their theory is that the world can be restored, that the individual nations can prosper and that peace can be maintained only if they tear down their tariff walls, admit foreign imports and start goods moving in maximum quantities across every frontier. A socialized state cannot take a full part in such a process for the obvious reason that it cannot permit foreign competition to damage and perhaps destroy its own state industries, operated with relatively high costs and high wages.

WHAT DO WE WANT?

THE ISSUE which Mr. King may be expected to make out of all this is therefore clear. He can ask the Canadian people whether they want their country to return under socialism to the theory of self-containment, which Mr. Bennett tried under capitalism. He can ask Canadians whether they want Canada to be a bottled-up economic reclus among the nations, attempting to work out its problems alone through internal mechanisms (including drastic regimentation of Canadian life), or whether they want it to form part of a world-plan of economic recovery. On that issue, Mr. King should have a good chance to succeed.

But only, of course, if it is a real and not a phoney issue. It can be a real issue only if there is a world plan of recovery which includes the reduction of tariffs everywhere. It can be a real issue in Canada only if Mr. King is prepared to swing Canada behind such a program—is prepared, in fact, to reduce Canadian tariffs, import more goods, and attack the great monopolies of Canada through the competition of foreign goods.

It is not certain that Mr. King will do all this, but at least he has moved in that direction—not only in his recent speeches, but in the actual studies of his experts who, at this time, are engaged in tentative discussions with the experts of Britain and the United States. If out of these discussions a large new international trading policy emerges, Mr. King will have something positive to fight on in the next election and not a mere negation of the C.C.F.'s large promises.

SIDELINE-SITTER

From Toronto Star
Mr. Bracken as Progressive Conservative leader emphasizes the innocence of his own recent tour of Canada. He wished, he says, to acquaint himself with the thinking of the people of Canada. But if the implication is that Mr. Bracken did not also wish to acquaint the people of Canada with him, it is a pious pretence. Of course he did. He is the man whose party is out and wants to get in. But he has declined to attempt to get in himself, has neglected to learn the business of party leadership in a federal Parliament, has failed to present his criticisms on the floor of a House where there are ministers to answer them. He has chosen to conduct his campaign from outside Parliament, yet he objects to Mr. King's outside Parliament broadcasts which have not been partisan in nature, but directly connected with Canada's war effort of which everyone surely should be proud.

GENES OF THOUGHT—

SILENCE: ITS VIRTUE

"Silence never shows itself to so great an advantage as when it is made the reply to calumny and defamation."—Addison.

"There is an eloquent silence: it serves sometimes to approve, sometimes to condemn; there is a mocking silence; there is a respectful silence."—La Rochefoucauld.

"Silence is the safest respondent for all the contradiction that arises from impertinence, vulgarity, or envy."—Zimmerman.

"No reproach is so potent as the silent lesson of a good example."—Mary Baker Eddy.

"Silence is the element in which great things fashion themselves together; that at length they may emerge, full-formed and majestic, into the delights of life, which they are thenceforth to rule."—Carlyle.

RAISED OVER \$13,600

The Queen Alexandra Solarium Junior League is a group of 45 energetic young women, the objects of the league being to raise money with which to purchase necessary equipment for the Solarium, and to help keep the public interested in the wonderful work which is being done for the crippled children of British Columbia at this splendid institution.

The Solarium Junior League was organized in October, 1939, and since its inception, just four years ago, it has raised over \$13,600 for the Solarium.

No child, regardless of creed or color is ever turned away from this province-wide institution because of the inability of the parents to contribute toward its maintenance while in the Solarium. Dominion, provincial and municipal grants to the Solarium do not nearly begin to cover the cost of its operation and treatment of the little patients, the generosity of the general public being relied upon for the remainder of the expenses. With this in mind, the members of the Solarium Junior League work untiringly in their efforts to raise funds for the Solarium, which is restoring health to little crippled limbs, and to keep the wonderful work being done by this institution at Mill Bay ever in the minds of the public.

THE ROYAL OAK AVENGED

From Montreal Gazette
Four years since the Royal Oak was sunk, torpedoed at her moorings in Scapa Flow with a loss of some 800 officers and men. U-boat Captain Gunther Prien, by a feat of seamanship which won a craftsman's admiration from the seagoing British themselves, had manoeuvred his craft by darkness into the northern naval base which had been proof against submarine attack through all four years of the first World War, and which had been deemed impregnable by layman and admiral alike. Of the Royal Oak's complement of more than 1,200, only 57 officers and 367 men were saved.

The Admiralty announces that the Royal Oak had to some degree been avenged in kind. The German battleship Tirpitz, which for most of war has been skulking in the deep Norwegian fjords and keeping a sizeable British

naval force tied up watching her, was attacked on Sept. 22 by a raiding force of British "midnight submarines" and left crippled at her moorings.

It was a daring stroke. Norwegian waters are difficult, and in this case heavily mined and guarded. It was hard enough for the British subs to work their way in; the chances of their ever working their way out must have looked small enough to be suicidal, and indeed three of the tiny craft have not come back. But they carried out their mission. The Tirpitz is out of commission; her guardians on the northern route can be spared for other tasks.

THIS WAR—FOUR YEARS AGO

Nov. 15, 1939—Empire statesmen in London on return from Western Front described defences as "formidable." In Prague, 2,000 university students demonstrated against the German protectorate.

HERE'S HOW I MAKE COFFEE GO FURTHER

FIRST of all—buy coffee for flavor! Use super-rich Chase & Sanborn Coffee! Then I make it a rule to keep coffee in an air-tight container. And to get the right strength, I always measure the coffee and water carefully. Of course, I keep the coffee-pot scoured clean, and make only the exact amount of coffee needed—never more. And I serve it as soon as possible. But getting plenty of flavor in the first place is most important! So I say—be sure you get super-rich Chase & Sanborn Coffee. More flavor ounce for ounce. Remember—quality coffee goes further.

CHASE & SANBORN COFFEE

This smart limousine has been specially built for the C. & C. Taxi Service Limited to facilitate the carrying of eight passengers for the new aircraft which the Canadian Pacific Airlines expect to operate between Victoria and the mainland in the near future. It will be used for carrying passengers between the city ticket office on Fort Street and the Stewart Avenue Airport, Esquimalt. E. A. Calwell, manager of the C. & C. Taxi Service, says the limousine has been beautifully fitted to provide every comfort, also speedy service, and will be able to handle all baggage requirements of the passengers.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain often need a nerve and general tonic. Glycero Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to a deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other Drug Stores. (Adv. OC-1).

Planning Symphony Concert

The marriage took place in Belleville, Ont. Gospel Hall, Nov. 3, of Ethel Louise, second daughter of Mrs. F. L. Price, 241 Beechwood Avenue, and the late Mr. Price, and LAC. Thomas George Sawyer, R.C.A.F., second son of Mr. and Mrs. F. W. Sawyer, 1261 Union Avenue. Rev. W. Eastman of the Baptist Church performed the ceremony. Mrs. M. Wiley played the wedding music, and Mrs. Clifford Padgett, formerly of Victoria, was the vocal soloist.

The bride was given away by Mr. J. Alexander, and wore a floor-length gown of white sheer, and a long veil of double illusion net falling from a sweetheart headpiece. She carried a bouquet of white roses and bouvardia. Mrs. Padgett was matron of honor and chose a frock of pink net over taffeta, with a tiny flowered hat, and carried a bouquet of pale pink rosebuds. LAC. Joe Martin, R.C.A.F., was best man.

A reception was held at home of LAC. and Mrs. J. Martin, Belleville, when Mr. Taylor proposed the toast to the bride.

After a short honeymoon, LAC. and Mrs. Sawyer have taken up residence at St. John's, Que. The bride wore a moss green dress-maker suit, matching hat, black accessories and a beige topcoat.

SMITH-BUCKINGHAM

St. Paul's Naval and Garrison Church was the scene of the wedding Thursday evening, of Margaret Elizabeth Ann, only daughter of Mr. and Mrs. W. G. Buckingham, 1238 Esquimalt Road, and Henry J. Smith, R.C.N.V.R., son of Mr. and Mrs. C. N.V.R., son of Mr. and Mrs. C. P. Smith, Gibson's Landing. Rev. R. C. A. Devenish officiated. "O Promise Me" was played by the organist, C. S. Boulter.

Wearing a gown of white organza with bouffant skirt, long sleeves and a square neck, the bride was given in marriage by her father, A. Mary Stuart head-dress, held her long embroidered net veil, and she carried a bouquet of red roses, gardenias and white heather. Attendants were her sister-in-law, Mrs. John Buckingham, in turquoise blue silk jersey, and Miss Eileen Smith, sister of the groom, in dusty rose. Both wore matching doll hats and carried muffs. St. John Brown, R.C.N.V.R., was best man, and St. E. Briggs, R.C.N.V.R., was usher.

About 150 friends were welcomed to a reception at Terry's Rose Room, where Cmdr. Marshall, R.C.N.R., proposed the toast to the bride.

For a honeymoon on the mainland the bride donned a gold dress with brown accessories and a squirrel coat. Mr. and Mrs. Smith will return to Victoria to live.

Seamen's Institute To Mark Birthday

An afternoon tea, from 3.30 to 5.30, Wednesday, will mark the 29th birthday of Victoria (Connaught) Seamen's Institute.

Members of the institute play hosts to seamen of the United Nations at their headquarters, 106 Superior Street, rendezvous for men of the Merchant Navy. Work of the members includes acting as a friendly liaison between seamen and their homes, caring for sick sailors in hospital and looking after distressed sailors.

Guests at Wednesday's affair will be greeted by Mrs. Vernon Thomson, president, and Mrs. J. W. Church, convener of the tea. Mrs. W. R. Sayer has arranged a musical program which will include songs by Miss Colette Wilson, Mr. James McGrath and Mrs. H. V. Barker, accompanied by Mrs. G. H. E. Green. Mrs. John Hart, Mrs. Herbert Anselcomb, Miss Kathleen Agnew and Mrs. A. H. C. Phipps will pour tea.

Arriving from England in 1908 Rev. E. W. Matthews, general secretary of the British Sailors' Society, became interested in establishing a seamen's institute. In 1914 the Connaught Seamen's Institute was formally dedicated by the Bishop of Columbia. Two years before the Duke of Connaught and Strathearn laid the foundation stone.

Little Flower Missionary Circle meeting was opened with prayer by Father Matte. Miss N. O'Connell will look after the shrine for November. Card party will be held in the Parish Hall at 8. There will be an executive meeting after the card party.

MISERIES OF Baby's Cold Relieved As He Sleeps

Now . . . here's reliable home-proved medication that works 2 ways at once to relieve distress of child's cold—even while he sleeps! Just rub throat, chest and back with Vicks VapoRub at bedtime. Instantly VapoRub starts to relieve coughing spasms, ease muscular soreness or tightness, and invite restful, comforting sleep. Often by morning, most of the misery is gone.

For baby's sake, try VapoRub tonight. It must be good, because when colds strike, most mothers use Vicks VapoRub.

Rescue Plane Brings 3 From Arctic Starvation Threat

WINNIPEG (CP)—Two men
and a woman, snatched from
threatened starvation at lonely
Fort Ross on Somerset Island,
about 2,000 miles north of Win-
nipeg, today traded the bitter
Arctic coldness for the luxury of
a modern hotel.

The trio, W. A. Heslop, Hud-
son's Bay Company post man-
ager, his wife, the former Babs
Irwin of Winnipeg, and D. W.
Munro, post clerk, arrived in
Winnipeg Saturday night after a
hazardous rescue plane flight
made by the United States Army
Air Force.

The big Douglas C47 plane, de-
layed in its mission by unfavor-
able weather, completed its trip
to Fort Ross, 400 miles inside
the Arctic Circle, a month after
word had reached the outside
that the supplies at Canada's
farthest north settlement were
dwindling.

The post's supply ship, Nas-
copie, was two years overdue,
and fear for the lives of Mr. and
Mrs. Heslop, Munro and Con-
stable C. L. de Lisle of the
R.C.M.P. resulted in the care-
fully planned transport flight
into the wilderness.

Meanwhile, Constable de Lisle,
28-year-old native of Ottawa, had
left Fort Ross Oct. 18 on a trek
to Repulse Bay, 480 miles over-
land. He was accompanied by
Eskimos.

The Heslops and Munro seemed
none the worse for their experi-
ence. "They were not alarmed
at all," said Sgt. Ldr. Jack Hone
of Harding, Man., a Canadian
bush pilot who aided the U.S.
Army Air Force personnel in the
rescue. "They are like most of
the people of the north country.
They knew they would get out
of the jam some way."

Johnny Brown Missing

FO. Arthur John Brown, R.C.
A.F., 26, son of Mr. and Mrs.
Arthur J. Brown, 1404 Harrison
Street, is reported missing while
engaged in air operations over
enemy territory, his parents have
been advised.

Johnny, as he was popularly
known to his many friends here,
had a brilliant record in training,
establishing a record mark of 99
per cent in final examinations at

No. 3, I.T.S., Victoriaville, Que.
At No. 3, Air Observers' School,
Ancient Lorette, Que., in ad-
vanced course, he gained his
wings and was later given a pilot
officer's commission.

His first job on arriving over-
seas was navigation of a Mos-
quito bomber. He received pro-
motion to the rank of flying of-
ficer several months ago.

ter King said Sunday night that
by their response to the \$1,200-
000,000 Fifth Victory Loan appeal
Canadians have demonstrated
their "overwhelming determina-
tion to speed the victory."

In an address carried over the
CBC network Mr. King, joined by
Finance Minister Isley and Gra-
ham F. Towers, chairman of the
National War Finance Committee,
expressed the government's ap-
preciation of the "splendid re-
sponse" to the campaign, and
thanked the War Finance Com-
mittee, the canvassers and those
who, by their contributions, made
possible "this latest wartime
achievement."

Mr. Isley said returns to Sat-
urday showed Canadians had pur-
chased \$1,364,000,000 of Victory
Bonds, indicating the final result
would be more than \$1,375,000,000
—as against a minimum objective
of \$1,200,000,000.

Mr. Towers said Victory Loan
canvassers constitute the "great-
est volunteer selling organization
on earth," and the success of each
loan depends on their loyalty,
purpose and devotion.

All But 400 Miners Back at Work Today

CALGARY, Alta. (CP)—United
Mine Workers of America offi-
cials announced that all British
Columbia and Alberta coal miners
were back at the pits today ex-
cept 400 employees of small
mines at Mountain Park and
Mercoal in northern Alberta.

Workers in the Crow's Nest
Pass in southeastern British
Columbia and at Edmonton re-
turned to their jobs this morning,
last of the larger fields to re-
sume operations following the
walkout of 8,500 at midnight,
Oct. 31, in protest against delay
in considering their wage in-
crease demands.

Meanwhile the royal commis-
sion authorized to give a final
decision on the demands and
bound to report by Nov. 20, con-
tinued sessions in Edmonton
today.

Nematodes, or eelworms, which
destroy crops by invading the
roots to multiply, causing root
knot, may be trapped and killed
by a legume called *Crotalaria*
spectabilis; they enter its roots,
are unable to reproduce, and soon
die.

Nazi Officers Reminded Of Surrender Technique

STOCKHOLM (AP)—The
Swedish-Norwegian Press Bureau
reported today that Norwegian
patriots in the Trondheim district
on the western coast of Norway
had found German orders re-
minding Nazi officers of their
duty to destroy all military re-
cords in the case of capitulation.

The documents advised troops
how to act if their units were sud-
denly dissolved and they were
forced to lay down their weapons,
the bureau said.

Postwar Program

QUEBEC (CP)—Justice Minis-
ter St. Laurent, speaking at a
rally of Liberal clubs here, said
the federal government is pre-
paring a postwar program
whereby everyone in Canada able
and willing to work would be able
to do so.

He added that Prime Minister
King "within a few days," would
announce a postwar program
"that was certain to satisfy all
reasonable citizens."

"What it was possible to do for
destruction during the war," he
said, "will be equally possible for
reconstruction and rehabilitation
in time of peace."

Mr. St. Laurent said the federa-
l government is now engaged, with
the assistance of the provincial
governments, in making an in-
ventory of all urgent public en-
terprises that will be launched at
the cessation of hostilities. It
will be the duty of public bodies,
he added, to come to the aid of
private initiative when there is
an insufficiency of employment.

Appoint Mrs. Dreany

DUNCAN—Trustees of Duncan
Consolidated School, Friday, ap-
pointed Mrs. H. Dreany as acting
vice-principal. A letter from the
B.C. Teachers' Federation re-
habilitation committee asked the
board for a statement of its
policy on demobilized teachers.
All teachers are on leave of
absence for the duration of the
war it was explained.

Transportation committee re-
ported that the traffic problems
on Gibbins Road have been satis-
factorily overcome.

A letter of congratulation will
be sent to those responsible for
the parade of the cadets on Re-
membrance Day.
Accounts totaling \$4,835.10
were passed for payment.

Spots Mystery Man And Wins \$50 Bond

Tall, dark and handsome,—the old formula with an added air of intrigue! The Mystery Man was unknown to throngs of Victorians passing by him Saturday afternoon as he waited for someone to "spot" him for the \$50 Victory Bond in his pocket.

At 2.35 p.m. Milton King, member of the Lions' Club sponsoring the game of detection, was accosted by Mrs. Catherine Hancock, 2800 Austin Road. "Are you the Mystery Man?" she queried.

"Have you a ticket on the Lions' Home?" the Mystery Man countered. Yes, she had. So Mr. King, now shorn of his anonymity, handed over the bond to the observant Mrs. Hancock.

The Lions arranged the Mystery Man to encourage buying of tickets on the house at 1561 Despard St., which is to be raffled to aid the Queen's Fund for Bombed Children of Britain.

Japs Anticipating Defeat at Rabaul

WASHINGTON (AP)—Japan's vanishing victories in the south Pacific it now turns out, may be intended by Tokyo propagandists to lead into an easy explanation of defeat by Allied forces closing in on Rabaul.

Analysts who advanced this possibility, noted it would not be the first time the enemy has wiped a resounding setback off the books, by claiming a key position had accomplished its purpose and no longer was needed anyway. They used this line after both Guadalcanal and Kiska.

The invention of victories by a phantom fleet in equally imaginary battles, some observers believe, is designed to prepare the Japanese people for a reshuffle of the old Guadalcanal-Kiska explanation.

The extravagant nature of the Japanese claims was pointed out by U.S. Navy Secretary Frank Knox at a press conference Friday, and Knox put it on record that Washington officialdom was frankly puzzled by what the Japanese were getting at. He suggested "the possibility of psychological factors" among the people, intimating that maybe the Japanese were beginning to react badly to defeat.

Chilkoot Pass Pioneer Dies in Juneau

JUNEAU, Alaska (AP)—Mrs. Anna E. Snow, 82, pioneer Alaskan who traveled the tortuous Chilkoot Pass with two small children and her husband during the Klondike gold rush, is dead.

Mrs. Snow, who had been a member of various middle west and Pacific coast theatrical companies before coming to Alaska, presented shows at interior places while her husband, George Snow, mined gold.

Ten years ago, after the death of her husband, she moved to Juneau to be with her daughter, Mrs. Crystal Snow Jenne.

Besides the daughter, a son, Monte Snow, Pacific Northwest newspaperman, at Bremerton, Wash., survives her.

Stockholders Get \$8,000,000 Whisky

NEW YORK (AP)—The American Distilling Company, largest independent in the industry in the United States, will sell its entire inventory of 245,000 barrels of whisky to common shareholders at cost, withdrawing from the commercial whisky business for the duration. Rate of distribution will be one barrel of whisky for each of the 250,000 shares of outstanding stock.

The inventory, described as the fifth largest in the United States, is composed of Bourbon and rye up to four years old, having a book value of \$8,000,000 at \$32 a barrel.

Horace Green Dies

GREAT NECK, N.Y. (AP)—Horace Green, 58, author, First Great War correspondent and former president of Duffield and Green, publishers, died Sunday.

Green was taken prisoner by the Germans while serving as a correspondent for the New York Evening Post during the last war. He was later released. Among his books were "The Log of a Non-Combatant," "The Life of Calvin Coolidge" and "General Grant's Last Stand." Over 800 manufacturers of automobile parts are now producing more than \$3,000,000,000 in war material.

Boy Scouts

Strawberry Vale — Freeman King, Commissioner for Training, and Miss Jean Parker visited the pack, giving instruction and assistance.

Langford — Ritchie LeQueene and Fred Hayton were made patrol leaders and Bert Leggett was made troop leader. Instruction was given in quarter staff and signalling.

Sidney — Two new recruits were accepted. Special item was a competition of lashing done in the dark. Sam Skinner received his 200-hour war service badge. The troop and pack attended an Armistice service at Sidney, where patrol leaders Sam Skinner and Alan Horth were posted as guards on the Memorial and troop leader Hemphill attended the flag.

Third Victoria — The troop had a bun feed to welcome scoutmaster Cliff Walker of Portage-la-Prairie, who will take charge of the troop. Miss Lily Lucy, cubmistress from Winnipeg, is helping Akela Pam Ferguson.

Royal Oak — Group committee held a card party and during the evening Freeman King urged the people to give the Scouts active backing. Miss Lena Morgan of Sidney will help the pack meeting Tuesdays. The annual meeting will be held in Scout Headquarters, Nov. 24.

Thieves Get \$52

How thieves removed \$52.42 from a locked cash register without forcing the drawer is perplexing O. P. Dennison, Douglas Hotel night clerk, who reported the theft to city police today.

Mr. Dennison said he had gone up stairs at 2 this morning leaving the cash register locked. When he returned a few minutes later the cash register was still locked but the money was gone.

Other thefts reported during the weekend included \$7 taken from the dresser of another hotel room, two bicycles and a small iron gate.

Power Rates Cut, Ontario Farmers To Save \$500,000

TORONTO (CP)—Premier Drew of Ontario said today that simplification of rural hydro rates announced today by the Ontario Hydro-Electric Power Commission would save Ontario farmers more than \$500,000.

The Premier issued his statement shortly after the commission had announced that all 120 rural power districts in Ontario would be combined and that rural rates would be standardized next Jan. 1.

As well as reviewing the new policy announced by the commission, the Premier's statement said the government would establish a Hydro-Electric Advisory Council with representation from municipal, labor, farm, industrial and mining groups.

"This council will meet regularly and by the balanced exchange of opinion will be in a position to advise the government and the commission in regard to the needs of all consuming groups," he said.

KILL SERVICE CHARGE

The Premier recalled that at the last session of the Ontario Legislature the Progressive Conservative Party had urged the service charge to rural power consumers be abandoned and that rural rates be adjusted.

The 13th point in the party's 22-point election platform last summer also called for rural rates adjustment.

"I am convinced that the change in rates will greatly increase the use of electrical energy in the rural areas, will improve conditions on the farms and make a large contribution to the general economic welfare of the whole province," said the Premier.

"I am informed that with this change we will now have the lowest general basic rural rates in the whole world provided under similar conditions."

The commission's statement said simplification of the rural rate structure would be coupled with reduction in power costs for 129,000 of the 133,000 rural consumers in the province.

Irish Committed, Collected \$5,298

A file of slips which Herman P. "Pat" Irish, proprietor of the Victory Fuel Co., 1184 View Street, produced in court in another case as paid but unfilled wood orders, totaled \$5,298.25, Prosecutor Claude L. Harrison said in city court today.

Arthur Dawe, counsel for Irish, who today was committed for trial on a charge of failing to keep proper account books, protested the figure mentioned by Mr. Harrison.

"There is a great possibility some payments have been made," Mr. Dawe said, "I know some payments have been made against these accounts."

Mr. Harrison said he was merely submitting a tabulation of the sales slips submitted by Irish in the previous case. He said the tabulation of the slips, which Irish had said were paid, unfilled orders, had been made for the convenience of the court and counsel.

The table was accepted as an exhibit subject to checking.

Prosecutor Harrison completed a preliminary hearing on the accounting charge in 15 minutes today, calling only two witnesses, R. J. Miller, accountant, who lives at 2050 Oak Bay Avenue, who said he had paid Irish \$61.50 cash on June 1 for six cords of wood to be delivered in August, and Mrs. Bessie L. Spence, police court stenographer, who identified the transcript of the evidence of the earlier hearing.

Irish last Monday was sentenced to 30 days' hard labor on the charge of obtaining \$20.50 from Harry Webb by false pretenses.

Freed Naval Ratings Don't Want Coats

Charges of retaining stolen burberry coats against Allan Jones and Francis Gommer, naval ratings, were dismissed in city court today on lack of positive identification of coats found in the possession of the accused.

Mr. Fern testified today five coats had been stolen from his shop, but he did not recognize the defendants as the sailors in the store Oct. 29, and he could not positively identify the coats found by Charles Dell of the naval shore patrol in possession of the accused.

J. B. Claribue, K.C., counsel for the two sailors, told the police he would be willing to have the coats given to Ernest G. Fern, proprietor of the Better Price Tailors, 1446 Douglas Street.

The British Columbia Diocesan Board of the W.A. will meet in St. Mary's Hall, Oak Bay, at 10.30 Friday morning. O. M. Prentice will speak on the recent General Synod meetings at 2 in the afternoon.

Served Five Years With Royal Marines

Capt. Sandro A. G. S. Bullock-Webster, 24, son of Maj. and Mrs. L. Bullock-Webster, 811 Linkins Avenue, has returned home on a week's leave after more than five years' service with the Royal Marines.

His wife, the former Joan Stirling Joll, daughter of Maj. L. D. Joll, M.C., R.A., is remaining in England as a member of the R.C. A.F. (W.D.).

Capt. Bullock-Webster speaks cheerfully of his war experiences without delving too deeply into detail.

He left Victoria in the fall of 1938 for England to take an officers' training course in the Royal Marines and was two years completing his studies. His first ship was H.M.S. Norfolk, and after some time afloat he was transferred ashore to the staff of a junior N.C.O. school as instructor. Among other ships he later served aboard H.M.S. Kent.

After taking a specialized course in small arms, Capt. Bullock-Webster was appointed adjutant to a beach group. More recently he was attached to Royal Navy ships in guarding convoys to Russia.

Everybody Doing Bit Says Lt. Mylrea

One of Victoria's decorated air heroes, Lt. Frank H. Mylrea, D.F.C., arrived home Sunday to spend three weeks leave after more than two years active flying operations overseas.

Met at the boat by his parents, Mr. and Mrs. R. D. Mylrea, 2975 Cedar Hill Road, the airman was not disposed to talk of his experiences with newspapermen.

"Everybody is doing their bit over there," he said modestly.

For courage and determination on dangerous air sorties, he received the D.F.C. at the hands of His Majesty the King at an investiture at Buckingham Palace following a series of operational flights over Germany. The citation said in part: "A navigator, of exceptional merit he displayed greatest keenness and determination to bomb the target. He has taken part in attacks on Bremen, Essen, Berlin, Wilhelmshaven, Brest and other highly defended areas."

Before he joined the R.C.A.F. in 1940, Lt. Mylrea was prominent in rugby, track and basketball at Victoria High and as a member of Northwestern Creamery Senior A men's team.

Simultaneous announcement of his winning the D.F.C. and commission was announced August 11, 1942.

He is a veteran of 33 operational flights over German industrial areas.

Esquimalt Sailor Presumed Dead

OTTAWA (CP)—The Royal Canadian Navy in its 21st casualty list of the war, containing two names, Sunday reported Engine-room Artificer Robert Douglas Masterman Patterson of Esquimalt, previously reported missing on active service, as presumed dead as of July 21, and Coder William Henry Callowhill of Hamilton, as missing on active service as of Oct. 21.

Patterson was a member of the R.C.N.V.R. His official number is V-37614. His next-of-kin is listed as his mother, Mrs. Emma Patterson of 470 Constance Avenue, Esquimalt, B.C.

Callowhill also is a member of the R.C.N.V.R., with official number V-35422. His next-of-kin is listed as his father, Cecil Callowhill of Hamilton.

No Efficiency Survey Needed If Plan Followed

Opinion that implementation of the three-man wage schedule report for the City Hall would obviate the necessity of an efficiency survey was given by members of the commission to the City Council in committee during a question-and-answer period today.

W. W. Black, employees representative, voiced that opinion, saying increments listed for different employees would have to be earned. To earn them, employees would have to be efficient, or they would not be recommended by the personal committee suggested in the report.

Other opinions voiced by Mr. Black, representative of the public employees' agencies in Vancouver and other parts of B.C., included the belief the time is not far distant when Victoria's civic service will have a proper, recognized bargaining agency; that retaining superannuated employees in their key positions to the detriment of the next in line was incorrect, and that an administration which did not train successors to keymen was at fault.

L. A. Grogan, chairman of the committee, declaring his group not infallible, answered several questions put to the commission by the aldermen.

He explained the recommendation covering the personnel committee, the group which would consider increments and other points of administration of the salary plan, and said the parks superintendent had been included on it as a liaison man between inside and outside staffs.

An earlier salary report had been considered, but had been found out-of-date, he said.

OTHER POINTS

Other points raised were covered as follows:

The controller's advice had not been sought on salaries.

It had not been the commission's idea to let the personnel committee increase maximums.

The final court of appeal for a dissatisfied employee would be the council.

Acceptance of standards for various posts, drafted by the personnel committee, would be a matter of policy for the council.

Use of returned servicemen as a matter not within the scope of the commission's findings.

The personnel committee could permit a worker to reach the maximum before the usual time, but if too many were advanced too quickly the scheme would be destroyed.

The city comptroller was named top salary man, with the health officer and city solicitor, because they were the captain of the City Hall show.

Educational requirements were not determined for every post, but common sense had been used.

If the maximum salaries are raised, the entire plan will be "shot full of holes."

Individuals affected have recourse to the personnel committee and council.

Minimums and maximums set forth by the commission were based on the commission's opinion of the value of the specific jobs.

The council has the power to revise gradings and salaries within any particular classification.

The commission was thanked for its appearance and the manner in which questions had been answered.

No definite action was taken on the report by the council in committee.

Adelaide's Purser Passes Suddenly

Stricken while St. Princess Adelaide was outbound from Vancouver for Prince Rupert Saturday night, Leslie Harrington Ellis, 54, well-known Canadian Pacific purser, died as the steamer put back to port for aid.

His widow resides at 576 Dallas Road.

Purser Ellis first joined the B.C. coast service of the C.P.R. May 9, 1908, as a checker and after two years aboard ship he resigned in May, 1911.

Rejoining the service again July 8, 1920, Ellis served on most of the boats in the company's coast fleet and at the time of his death was purser of the Princess Adelaide.

Meteor Shower Expected Tonight

A shower of "shooting stars" is expected late tonight and early Tuesday morning when the earth crosses the path of the Leonid meteors.

Astronomers at the Dominion Astrophysical Observatory, Little Saanich Mountain, said the shower, one of two that occur every November, is not expected to be spectacular, and the brilliance of the smaller meteors will be dimmed by the light of the moon, now just past the full.

The shower is called the Leonid meteors because the point in the sky from which they seem to radiate is in the middle of the constellation of Leon, more popularly known as the Sickle. This constellation will rise at about midnight but observation should begin an hour or so earlier.

Registration Starts For U.S. Citizens

Starting tomorrow, registration of U.S. citizens residing on Vancouver Island will start at the American Consulate, Belmont Building.

All male citizens of the United States, not previously registered, born after Dec. 31, 1898, and born on or before Dec. 31, 1925, are required to register between Nov. 16, 1943, and Dec. 31, 1943.

All male citizens of the United States who attain 18 years of age subsequent to Nov. 16, 1943, are required to register upon, or immediately following, the anniversary of their 18th birthday.

Members of the armed forces of the United States, whether in active or reserve status, are not required to register.

Registration can not be done by mail. Personal appearance is necessary.

Persons who are in possession of a United States passport or consular "Certificate of Identity and Registration" should present such documents for examination at time of registration.

Bahamas Invite De Marigny to Go; May Try Mexico

By E. V. W. JONES

NASSAU, Bahamas (CP)—Alfred de Marigny announced today that he would be remarried to his wife, the former Nancy Oakes, but one hour after the scheduled time for the ceremony the Rev. Bonaventure still awaited at the St. Francis Xavier Church for the arrival of the couple. There was no immediate explanation.

De Marigny announced plans for the remarriage a few hours after he had been invited by the Governor-in-Council, Nassau's highest executive group, to leave the islands.

The twice-divorced de Marigny had said he obtained permission for the ceremony from the Roman Catholic archbishop in charge of this diocese. He set the time as 2 p.m. and the place as the Francis Xavier Church.

De Marigny was acquitted last week of the murder of his wife's millionaire father, Sir Harry Oakes.

The jury voted a unanimous recommendation that he be deported from the Bahamas.

CENSORS DELAY NEWS

The Governor-in-Council, at a special meeting Saturday, decided to invite De Marigny and his close friend, Marquis Georges de Visselou, to leave the colony. The Nassau censorship prevented transmission of the information until this morning.

The Governor-in-Council is an executive group composed of the

Arrow Wounds Heifer

COBBOURG, Ont. (CP)—Discovery on his farm of a helpless heifer with a 26-inch arrow protruding from a wound near the heart has led Harold Harper, Hal-damand Township, to wonder whether Indians are on the war-path again. The arrow apparently had been shot by an expert, but the question is by whom?

Prisoner in Germany

Sgt. W. R. Stannard, reported missing after the evacuation of Dunkerque and subsequently listed as killed in action, is now reported to be in a German prison camp, according to a letter received by his sister, Mrs. M. Washford, Shawlgan Lake.

Sgt. Stannard writes he is "well and beginning to feel at home after being here three years." "There are several Canadian airmen here," he said, adding that a few cigarettes would be acceptable.

No Second Front Assault On Europe Before Year Ends

By ROSS MUNRO

LONDON (CP)—The Allied second-front force is taking shape in the United Kingdom, but it appears probable British, Canadian and U.S. troops here will spend this Christmas in Britain and not in the mud of France and the Low Countries. There has been talk in London papers and rumors about Britain that an invasion might be launched at the year-end, but this can be pretty well brushed aside.

The whole operation will be linked with the Russian effort and progress of Gen. Sir Harold Alexander's 15th Army group in Italy and it probably will be some months before assault craft touch down on Europe's beaches.

Probably Gen. Sir Bernard Paget will lead an army group which will be one of the major field formations likely to be thrown against northwest Europe.

CANADIANS WITH PAGET

As commander-in-chief of home forces, Gen. Paget built up the British army in the United Kingdom and has been closely associated during the last year with planning for the eventual invasion of the continent from England.

Lt.-Gen. A. G. L. MacNaughton and his Canadian army in England and probably will be part of Gen. Paget's army group.

Americans are going to make an enormous contribution of men and materials in this operation and it is expected in many quarters here that Gen. George C. Marshall, now U.S. army chief of staff, will be appointed Allied second-front chief with a position equivalent to that of Gen. Dwight D. Eisenhower in the Mediterranean theatre.

In honor of Miss Ann Harris, whose marriage will take place in Nanaimo Nov. 20, Miss Grace Swetnam held a miscellaneous shower at the home of her parents, Carroll Street. It Can't Be Done

WASHINGTON (AP)—A Congressional committee today cited as what it termed "a typical example of the legalistic language employed by the Office of Price Administration" the following language from amendment No. 5 to maximum price regulation 319: "All commodities listed in Appendix A are those known to the trade as such excepting therefrom such thereof, if any, while subject to another regulation."

ST. ANDREWS WINS

VANCOUVER (CP)—While 1,400 persons cheered, St. Andrews defeated North Shore United 3 to 2 in a Coast League soccer game Saturday.

Outcome of the match leaves North Shore two points behind Boeings—the leaders. It puts St. Andrews in a tie with St. Salvours for third place.

Without Trevor Harvey, North Shore played a weak game.

HOGAN GRADUATES

MIAMI BEACH, Fla. (AP)—Golfer Ben Hogan became Lt. Ben Hogan of the army air forces Saturday. He was graduated from the A.A.F. Officer Candidate School.

"I'm afraid my golf is over for the duration," said the 30-year-old Texan as he looked longingly at the former greens and fairways of the Bayshore golf course, now a drill field, "but I'm planning to take up where I left off when the war is won."

WEEKLY WARTIME FOOD HINTS

Martha Logan, Swift's famed Home Economist, whose weekly cooking column is a regular feature of this page. Look for these valuable hints every Monday

by Martha Logan

Cabbage is for Kings!

Full of Vitamin C, Cabbage

has come into its own as a favourite food

First a word to the wise about cooking cabbage as a green vegetable. It will have better texture, colour and flavour (and more vitamins) if you cook it quickly in boiling water (seven minutes shredded, a little longer in sections).

But don't be content only to serve it like that . . . or as cole slaw though cole slaw is nutritionally valuable. But there are so many other good ways of enjoying cabbage. For instance:

CABBAGE ROLLS to Serve 4

1 1/2 lb. ground beef 2 tbsps. chopped onion

8 large cabbage leaves 2 tbsps. fat

1 cup cooked rice 1 cup cooked tomatoes

(or bread crumbs) 1/4 cup sliced onion

1 egg, slightly beaten 1/2 bay leaf

1/4 cup milk Salt and pepper to taste

Parboil cabbage leaves 5 minutes. Combine beef, rice, egg, milk, seasoning and 2 tbsps. onion. Place a

spoonful of meat mixture in each leaf and fold to cover meat; fasten with toothpicks. Brown in fat in large pan. Add tomatoes, sliced onion and bay leaf; cover and simmer 45 minutes.

SPICY CABBAGE AND SAUSAGE CASSEROLE to serve 4

1/2 lb. sausage 1 cup canned tomatoes, or gravy

1 tsp. vinegar 6 soda crackers (crumbled)

2 cups shredded raw cabbage

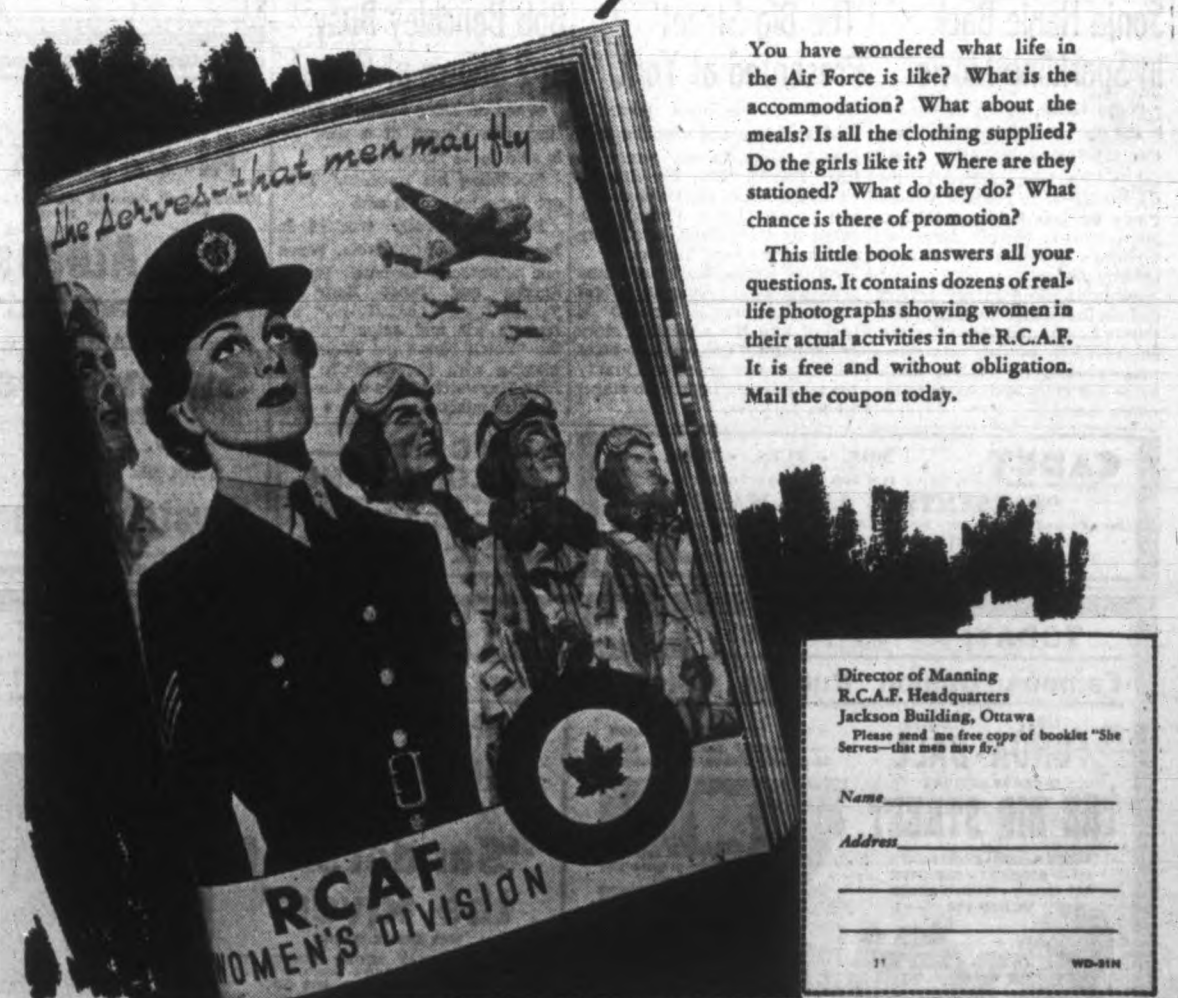

Crumble sausages and pan fry. Mix in vinegar, paprika and cracker crumbs. Place layer of cabbage in casserole, then layer of sausage mixture. Repeat. Add tomatoes or stock. Bake, covered, in moderate oven (350°) about 30 minutes.

There are still left a few copies of Martha Logan's famous hand-book of meat cookery: "Meat Complete." Send 10¢ for your copy to Swift Canadian Co. Limited, Dept. NKA44, New Westminster.

"The Big Street" Presented at York

One of the most powerful
stories of love and sacrifice ever
filmed comes to the screen in
RKO Radio's "The Big Street,"
an adaptation of the Damon Run-
yon story, "Little Pinks," pro-
duced by the author, now being
shown at the York Theatre.

All the pathos, laughter, drama
and character delineation for
which Runyon is famous is
packed into the appealing story
of the humble bus boy who turns
thief to provide jewels and luxury
for the crippled night club singer
whom he loves.

Bob Benchley Busy In 2 Shows at Once

When an actor works in more
than one picture at a time he
is said to be "doubling."
"Doubling his troubles," Rob-
ert Benchley would add.
Benchley recently worked in
two pictures at Columbia. When
not with Joan Blondell, Binnie
Barnes and Janet Blair in
"Three Girls About Town," the
famous wit and actor was on
the "You'll Never Get Rich" set
playing with Fred Astaire and
Rita Hayworth, stars of the Rio
Theatre musical.

Where to Go Tonight

(As advertised)
ATLAS—"Flight for Free-

Dr. Gillespie Held By Crazy Killer

The inside of a great peniten-
tary forms the background for a
major thrill in "Dr. Gillespie's
Criminal Case," latest in the se-
ries coming tomorrow to the Do-
minion Theatre. Lionel Barry-
more and Van Johnson are kid-
napped by a crazy killer they try
to aid. Another dramatic
episode is the battle against an
epidemic in a children's ward.
Barrymore plays the veteran
Dr. Gillespie, Johnson and Keye
Luke are assistants, and Donna
Reed the fiancée of the crazy
convict. Little Margaret O'Brien
figures dramatically in the epi-
demic sequences. Willis Goldbeck
directed with a worthy cast that
includes John Craven, William
Lundigan and other favorites in
the series.

Cuban and Puerto Rican mo-
lasses may soon reach American

Round World Film Shown at Atlas

An authentic picture of an
American aircraft carrier and her
war birds in action in the South
Pacific is presented in RKO
radio's "Flight for Freedom," a
powerful love drama starring
Rosalind Russell and Fred Mac-
Murray, and now being shown at
the Atlas Theatre.

Backgrounds for the film in-
clude New York, Philadelphia,

New Orleans, Hawaii and Lae,
New Guinea and other outlying
areas. A supporting cast of un-
usual merit is headed by Herbert
Marshall.

The story revolves around the
mysterious disappearance of a
great woman flier who died while
on a daring secret mission for
the United States navy.

Grass supplies about 48 per cent
of the total American annual
livestock feed as grazing and
about 12 per cent as hay; 40 per
cent is supplied by corn and
other products.

"Hi Diddle Diddle" At Oak Bay, Plaza

For the first time in the his-
tory of motion pictures, undraped
femininity is not the motif of the
paintings decorating the walls of
a movie set depicting a sumptu-
ously appointed night club.

Behind this departure from Hol-
lywood custom is a story.

The picture in which the new
decor is introduced is Andrew
Stone's whirlwind of merriment

and gaiety, "Hi Diddle Diddle,"
which is scheduled to have its
local premiere at the Oak Bay
and Plaza Theatres through
United Artists release. Heading
a star-studded cast are Martha
Scott, Adolphe Menjou, Dennis
O'Keefe, Pola Negri, June Havoc
and Billie Burke.

Some 600,000 gallons of com-
mercial alcohol will be produced
annually from waste sulfite
liquor from Canadian woodpulp
mills in a new plant now oper-
ating at Thorold, Ontario.

ADORATION—Henry Fonda makes a touching love offering to Lucille Ball in R.K.O. Radio's "The Big Street," now being shown at the York Theatre, produced by Damon Runyon from his famous story, "Little Pinkie," the romance of a humble bus boy and a crippled but inconsiderate dancing girl.

Salute to Allies Replaces 'Y' Circus

Planned to take the place of the annual circus, temporarily discontinued because of limited accommodation and lack of performers, the Y.M.C.A. this year has based a full evening's program along a patriotic theme. Called a "Salute to Our Allies," this entertainment will be held at the Victoria High School Auditorium Nov. 26 and 27 at 8. It will stress the part played in the present conflict by the Empire's hard-hitting allies.

Warren Martin, who is again in charge of the program for the Y circus committee, says that the program will be different from any other type of patriotic show ever staged in Victoria. The Shrine Band under their leader, James Miller, has agreed to supply the music for the show, while the Wynne Shaw Dancing School and Girls' Drill Team under Capt. Foster are applying items. Talent from within the Y.M.C.A. membership, the acrobatic group under Len Oliver and the Red Triangle concert party and other talented local performers will round out a full two hours of entertainment.

Tarkington Story Comes to Cadet

Bob Crosby and his band accompany Judy Garland in M-G-M's musical romance, "Presenting Lily Mars," in which Judy is co-starred for the first time with Van Heflin. The film, which is based on the widely-read novel by Booth Tarkington, also features Fay Bainter, Richard Carlson, Marta Eggerth and Spring Byington and many others, is currently at the Cadet.

NURSING SISTERS ELECT OFFICERS

Mrs. G. G. Stewart was elected president of the Victoria Unit of the Overseas Nursing Sisters' Association, at the annual meeting.

Annual reports were read, and other officers elected were vice-president, Miss M. MacLagan; secretary, Mrs. T. Thomson; treasurer, Miss C. Money.

Miss Lena Mitchell was among guests at the tea which followed, Mrs. Stewart and Miss MacLagan pouring.

Wednesday afternoon at 3 Mrs. F. Parsons will open the annual bazaar of the W.A. to Victoria West United Church, in the Social Hall. There will be stalls of plain and fancy sewing, handkerchiefs, home cooking and novelties. Tea will be served by the Monteith Club. Supper from 6 to 7.

Dorothy Dix

Dear Dorothy Dix: My roommate and I are both sophomores in college and expect to be married year after next, if the war is over by then. Now my roommate and I want to spend the next year together and plan our hope chests together, but we must make our living. What can we do to earn money? We want to do something interesting.

SALLY AND LOU
Answer: No trouble to find plenty to do now when the government is not only calling for young, intelligent, educated girls, such as you are, but teaching them all sorts of well-paid trades. Go to any of the Red Cross branches or any of the other war agencies and talk it over with those in charge. They will tell you where to go and what to do. But you must realize that the war has changed everybody's plans, and no girl can sit down now and embroider dollies for her hope chest with the certainty that she will be married year after next to her sweetheart. Her fiancé is in the army for the duration. She does not know when he will come back, or how he will come back, and so it is not only the part of patriotism but of wisdom for her to fit herself for some task by which she can support herself. Get busy.
